

EMBO Conference Series

Intracellular RNA Localization & Localized Translation

7 - 12 August, 2011 | Barga, Tuscany, Italy

ORGANISER

CLAUDIA BAGNI

VIB-Catholic University of Leuven (BE)
University of Rome Tor Vergata (IT)

CO-ORGANISERS

PAUL LASKO

McGill University (CA)

KELSEY MARTIN

University of California, Los Angeles (US)

ILAN DAVIS

University of Oxford (UK)

ABOUT

This 2011 EMBO Conference Series will cover recent advances in the field of regulation of mRNA localization and localized translation, integrating the latest findings and the use of novel imaging and bioinformatic tools to visualize and analyze RNA-level regulatory events to development, neurobiology and the etiology of disease.

REGISTRATION

Deadline: **1 April, 2011**

Registration fee:

Single room*	€ 950
Twin room*	€ 750
No accomodation*	€ 350

*Includes meals

CONTACT

ELIANE CHERRETTÉ

Catholic University of Leuven (BE)
0032 16 33 09 38
eliane.cherrette@cme.vib-kuleuven.be

The programme for this event was reviewed and approved by the EMBO Course Committee.

SPEAKERS

Claudia Bagni

VIB-Catholic University of Leuven (BE)
University of Rome Tor Vergata (IT)

Michael Blower

Massachusetts General Hospital (US)

Simon Bullock

MRC Laboratory of Molecular Biology (UK)

Ilan Davis

University of Oxford (UK)

Anne Ephrussi

European Molecular Biology Laboratory (EMBL) (DE)

Elisabeth Gavis

Princeton University (US)

Arne Gennerich

Albert Einstein College of Medicine (US)

Matthias Hentze

European Molecular Biology Laboratory (EMBL) (DE)

Christine Holt

University of Cambridge (UK)

David Ish-Horowicz

Cancer Research UK (UK)

Yishi Jin

University of California, San Diego (US)

Michael Kiebler

University of Vienna (AT)

Paul Lasko

McGill University (CA)

Ruth Lehmann

New York University (US)

Haifan Lin

Yale University (US)

Howard Lipshitz

University of Toronto (CA)

Peter Lukavsky

MRC Laboratory of Molecular Biology (UK)

Kelsey Martin

University of California, Los Angeles (US)

Paul McDonald

University of Texas at Austin (US)

Melissa Moore

University of Massachusetts Medical School (US)

Kimberly Mowry

Brown University (US)

Akira Nakamura

RIKEN Institute for Developmental Biology (JP)

Cedric Notredame

Center for Genomic Regulation (ES)

Roy Parker

The University of Arizona (US)

Kim Raab-Graham

The University of Texas at Austin (ES)

Catherine Rabouille

University Medical Center Utrecht (NL)

Mani Ramaswami

The University of Dublin (IE)

Antonella Riccio

University College London (UK)

Joel Richter

University of Massachusetts Medical School (US)

Peter Sarnow

Stanford University (US)

Erin Schuman

Max Planck Institute for Brain Research (DE)

Trudi Schupbach

Princeton University (US)

Martine Simonelig

CNRS (FR)

Robert Singer

Albert Einstein College of Medicine (US)

Ernst Stelzer

European Molecular Biology Laboratory (EMBL) (DE)

Oswald Steward

University of California, Irvine (US)

William Theurkauf

University of Massachusetts Medical School (US)

Talila Volk

Weizmann Institute (IL)
