

# Molecular Medicine

in connection with the EMBO  
course "Advanced Techniques  
in Molecular Medicine"

The Rudbeck Hall

Uppsala Science Park, Dag Hammarskjölds väg 20

19 JUNE 2006

UPPSALA | SWEDEN

9:00	Leena Peltonen Helsinki, Finland	From linkage to gene in complex traits
9:45	Tim Spector London, UK	Use of twin studies for gene discovery
10:30	Coffee	
11:00	Kerstin Lindblad-Toh Boston, USA	The dog genome: Implications for disease gene mapping
11:45	Mike Taussig Cambridge, UK	Making and using protein arrays
12:30	Lunch	
14:00	Akihiko Kondo Kobe, Japan	Pinpoint delivery system for genes and drugs using a novel, hollow bionanocapsule carrier
14:45	Sanjay Tyagi New York, USA	Technologies for real time measurements of movements of transcripts in the nucleus
15:30	Coffee	

#### ORGANISERS

Ann-Christine Syvänen  
Department of Medical Sciences  
Uppsala University, Sweden

Ulf Landegren & Mats Nilsson  
Department of Genetics and Pathology  
Uppsala University, Sweden

#### CO-SPONSORS

EUFP6 MolTools

Uppsala University
