

Intracellular RNA Localization & Localized Translation

1–6 July 2007
Il Ciocco | Italy

This workshop will cover recent advances in the field of mRNA localization and localized translation integrating the latest findings and new activities with a focus on development, neurobiology and the etiology of disease.

It will be timely, cutting edge and of broad interest to all involved in the fields of RNA-based regulation.

Application Deadline: April 1, 2007

Registration fees:

€ 900 including meals and accommodation in a single room

€ 700 including meals and accommodation in a twin room

€ 300 including meals but without accommodation

The total number of attendees is limited to 110.

Participants are strongly encouraged to present a poster about their work.

Some posters may be selected for oral presentation.
